Impact of New Economic Policy on handloom weavers' employment

1090. SHRI KAMAL MORARKA: Will the Minister of TEXTILES be pleased to state:

(a) whether it is a fact that nearly 3.5 million handloom weavers will be left totally unemployed with the implementation of new economic policy;

(b) whether it is also a fact that increase in yarn exports has led to sharp rise in the prices of cotton yarn; and

(c) the steps taken/proposed to be taken to meet the situation?

THE MINISTER OF STATE OF THE MINISTRY OF TEXTILES (SHRI ASHOK GEHLOT): (a) No, Sir.

(b) Rise in prices of cotton hank yarn can not be co-related to yarn exports since the export of hank yarn of counts upto 60s which are mostly used in the handloom sector is not permitted.

(c) In order to ensure adequate supply of yarn to handloom weavers at reasonable prices, the state sector and cooperative spinning mills had been asked to augment production of hank yarn and exercise restraint in prices. Recently Government has announced a scheme for supply of yarn to handloom weavers at millgate prices through the National Handloom Development Corporation for implementation during 1992-93. Under this scheme, 10.00 million kgs of yarn is likely to be distributed to the weavers during the year.
